1. Stand within the marked/controlled spectator area – spectating outside the areas indicated is prohibited.
2. ALWAYS stand behind the bunting or barriers.
3. NEVER stand in a no-go zone.
4. Obey the instructions of the Spectator Marshalls – the Chief Spectator Marshall has the power to inform the Clerk of the Course of potential spectator safety issues which may result in a section or the entire event being postponed until the spectator point is controlled to their satisfaction.
5. Only use recommended spectator routes to access spectator areas – these routes have been reviewed by organisers and deemed safe.

DO'S AND DONT'S OF SPECTATING

1. Vehicles under competition conditions can lose control and leave the defined track at any time. NEVER stand in a no-go zone.
2. Be prepared – wear a hat and sun screen in hot weather, and protective clothing in rain or cold weather. Food and drink outlets may be provided at the spectator point, but if not, ensure you have some of your own food and drinks available.
3. Park your car sensibly so that it will not obstruct emergency vehicles, competitors, or other spectators.
4. Do not try to emulate off-road drivers. Drive carefully to and from spectator viewing areas, and be ready to give way to other cars and spectators.
5. Please do not take young children to spectator points. If you have to, make sure they are completely under your control and in a safe place, and please make sure that children do not get in the way of competing cars, mechanics or officials when they are working.
6. Dogs are prohibited at this event, as it is held on working stock farm/s. Please consider the property owners and their animals and leave your pets at home.
7. Do not light fires or smoke cigarettes in the forests. Do not smoke near a car that is being serviced or refuelled.
8. Take all of your rubbish home with you! We rely on the property owners to allow us to compete on their land, so please assist us in ensuring we are welcomed back for future events.
