A note from the editor

Dear Reader,

There have also been some fantastic improvements happening around town. The pavilion upgrades have been a wonderful refresh to the area, with many people already commenting on how great it looks. The updates have really brightened and modernised the space, creating an even more welcoming environment for the community to enjoy. There is more information and plenty of photos included throughout this edition.

A huge thank you to Phil and the team for all of their hard work and dedication in bringing this project together.

The resurfacing of the hall has also been another fantastic improvement and is already making a noticeable difference to the space. It is great to see these important community facilities continuing to be maintained and improved for everyone to enjoy.

This issue of the Yakabout also sees a few changes to the layout, with an even bigger focus on community celebrations, local happenings, and sharing the stories that make Three Springs special. Whether it's a cute pet photo, a beautiful landscape image, a celebration, anniversary, birthday message, or any special moment worth sharing, we would love for you to send it through. We are passionate about featuring our community and putting local people in the spotlight. If there is anything you would like included in future editions, please don't hesitate to get in touch, we always love hearing from our community.

We also have the Biggest Morning Tea happening next Tuesday, thanks to Joy and the Indoor Bowls group for organising such a wonderful community event. It is set to be a fabulous fundraiser supporting a very important cause, and we encourage everyone to get involved if they can. Whether you head down to the hall for a cuppa and a catch-up or order a takeaway to support the event, every contribution helps. Be sure to check out more details within this edition of the Yakabout.

The Shire is also currently calling for budget item requests from the community. If there is anything you believe could better support our community, improve local facilities, or needs more attention within the upcoming budget, we encourage you to send your suggestions through. Community feedback is incredibly valuable in helping shape priorities for the future. More details can be found throughout this issue.

And finally... did you find the cactus? If not, don't worry, I've hidden it in there again!

Thank you, as always, for being part of what makes Three Springs such a welcoming, connected, and supportive community.

Warm regards,

Tayla Mutter

Sports Pavilion

RENOVATION

The pavilion has had a fresh new makeover just in time for home game season! With a brand new paint job, roof repairs, fresh lino flooring, and plumbing upgrades in both the home and women's changerooms, the space is looking and feeling better than ever.

A huge thank you to Phil and his team for all the hard work putting this project together for our community. The pavilion has a fresh new vibe and is ready for another great season.

HOCKEY SHED REVEAL

Saturday we officially opened the newly renovated Three Springs Hockey Club clubhouse. ❤️❤️

A very special thank you to the Bussenschutt family with help from Kylie Minty for generously donating the funds originally raised by Loraine Buzzy and her incredible group of volunteers. After Loraine's passing, the money remained in the account and continued to grow, before being donated back to our clubs to continue supporting the Bombers as it was always intended to do.

Thanks to this generous contribution, we have been able to complete major renovations including a new roof, ceiling, flooring, interior and exterior paint, air conditioning, TV and couch for whiteboard talks, along with two 4x3 gazebos and portable seating for around the field.

A huge thank you to everyone who volunteered their time and expertise to make this happen:

- Zac and Bec Mills from Zed Elect — especially Zac for guiding us through the process and generously donating time and materials.
- Sarsha and Dion Reed — even after literally breaking her big toe, Sarsha still made painting the clubhouse a priority.
- Steve Hunter for installing the air conditioning.
- Benda and Neil for helping out when needed. All club members who rolled up their sleeves and chipped in.
- Bec Edwards and the committee for the countless hours, support and energy put into the project.

This renovation would not have been possible without the support of so many people in our community

THIS WEEK'S Horoscopes

Aries:
(Born between 21st March & 20th April)

Decisions might need to be made to bring anything that has been nice but excessive to an end. You cannot avoid personal responsibility up to 2028 now that Saturn is in your sign until then. Coming up with some balanced solutions is possible this week when it comes to things that can be put place which result in comfortable stability.

Taurus:
(Born between 21st April & 20th May)

You could be tempted to act on impulse when it comes to something of pleasure or indulgence, even take a risk. If this involves money, you need to be especially careful not to make decisions that could tie you up for a long period of time as this could result in restrictions. Spending on small enjoyments that make little financial difference is OK.

Gemini:
(Born between 21st May & 20th June)

Your life should feel noticeably different now that Uranus has settled in your sign for the next 7 years. You could have a whole new view this week of what should be let go of and what should now become embraced for the long term future. Anything that you realise could become difficult to manage should be given your full attention.

Cancer:
(Born between 21st June & 22nd July)

Put your efforts into generating greater balance when it comes to the commitments you need to handle. Any dealings with a person who has authority could also be brought to a stage of greater fairness when it comes to you, though you need to be diplomatic in the way you handle this. Some thoughts would be better left unsaid.

Leo:
(Born between 23rd July & 22nd August)

You could realise that someone could present a few challenges that may not fall in line with your own priorities when it comes to the long term. It may not all be because of them but that you are beginning to look at the future in different terms. Finding time to yourself to weigh these things up could generate a more balanced view.

Virgo:
(Born between 23rd August & 22nd September)

Your energy level should be on a high this week, providing you with the opportunity to get anything done that you may have been intending to do for a while. You might also recognise where you may have been too ambitious when it comes to goals you have set for yourself. Don't worry if this doesn't please somebody else if you want to scale things back.

Libra:

(Born between 23rd September & 22nd October)

Somebody else could expect a greater commitment from you than you feel comfortable about. If it is too much you need to be prepared to stand your ground. Their view of what you can manage in the future may not be realistic, mainly because it may leave you with limited time to be able to relax and enjoy yourself.

Scorpio:

(Born between 23rd October & 21st November)

If you feel the expectations of somebody else have become too much, now is the time to address this by making them aware of what your priorities are in life. They may not be pleased but on another level they can be willing to accept what needs to be put in place. They would rather know what they are dealing with in a concrete way.

Sagittarius:

(Born between 22nd November & 21st December)

A challenging discussion with someone else could make you realise that you need to be clear on what you are prepared to accept when it comes to any changes that might need to occur with your regular routines. Don't be afraid to point out any areas where they have been expecting too much, especially since June last year.

Capricorn:

(Born between 22nd December & 19th January)

Something may begin to make more sense or show future progress when it comes to a child or a loved one. When it comes to your dealings with others, either personal or business, you need to focus on getting a good foundation in place that is workable. Don't be tempted to believe things will just work themselves out magically.

Aquarius:

(Born between 20th January & 18th February)

Take control of any situation you find yourself in and decide how you want to put things in place. Something probably needs to be taken to a lower level in some way. You have to make the decisions about what is reasonable when it comes to any alterations to your regular routines or what would need to be handled on a daily basis.

Pisces:

(Born between 19th February & 20th March)

Some interesting discussions could arise that could result in you seeing somebody else in a different light. What you are seeing will be real and it could be that they have become exposed in some way. Don't be tempted to enter into something of a long term nature related to financial commitment just because it feels or looks good.
