A 27 year old female from Morawa was convicted of possessing cannabis, she was fined \$250 and ordered to pay \$225.90 in court costs.

We have also received a few reports of cyber scamming and personal online accounts being spammed. With this it is important to regularly update your online security and make sure you have no personal details easily accessible to other online users. Should you receive any suspicious emails, please report them to [SCAMwatch.gov.au](https://scamwatch.gov.au) or come and speak to us at the station for any assistance.

On a more positive note it has been great to see so many young kids around town on push bikes and scooters whilst maintaining road safety. We were recently donated 6 more push bikes which were collected by Darryl Dalgetty who has been fixing up the bikes and putting them to good use for local residents. Thank you for your hard work Darryl.

Finally, next weekend on Saturday the 8th of August the winter sports are back on with Three Springs hosting Morawa followed with a family friendly Mexican themed evening. If the first game is anything to go by, it will be packed out again and a fun evening for all.

I hope to see you all down there.

Stay safe

Dark Sky Sensitive Lights!

WA has a world-class dark night sky. The latest research shows that now, there are over 2 billion people around the world who cannot see the Milky Way like we can in country WA.

So it's a very important natural asset for us to keep safe for future generations and visitors.

You'll be pleased to know that there are now new dark sky sensitive lights available for purchase in Australia! These range from streetlights to bollard lighting and pathway lights.

We're very lucky in Australia to have an organisation dedicated to helping reduce light pollution. The Australasian Dark Sky Alliance (ADSA) has recently created a system to give streetlights and other outdoor lights the tick of approval. You can see the ADSA Approved lights on their website www.australasiandarkskyalliance.org/certifiedluminaires.

Stargazing Tip – The Milky Way Galaxy

Winter is a great time to see the beautiful band of the Milky Way running right across the night sky. When you look towards the constellation of Sagittarius, you're looking to the very heart of the Milky Way Galaxy. We're lucky to see it much better here than in the Northern Hemisphere, especially under dark country skies.

The Milky Way was always thought to be about 100,000 light years across. Recent data suggests there is a vast disk of gas beyond, which is almost 2 million light-years across.

And what is a light-year? Glad you asked! It is the distance light travels in one year, travelling at 300,000 kms/sec. This equals a distance of 9.5 trillion kms. So, space is a really big place!

Visit www.astrotourismwa.com.au/stargazing/ for more tips. Or follow your Shire Facebook page where latest news is shared.

Travel: to cancel or not to cancel?

If you're a Western Australian who loves to travel, then odds are high you've had a trip cancelled or postponed due to the COVID-19 coronavirus pandemic.

Hopefully your refund or remedy was sorted quickly, but if not, you're certainly not alone. Complaints to Consumer Protection were five times higher in the period from March 1 2020 until now, compared with the same period last year.

Of the 625 travel-related complaints received, more than half were from consumers seeking refunds that were either denied or were offered credit notes instead.

With travel emerging as one of the biggest consumer issues to arise from the pandemic, regulators across Australia have been working on creating guidance for how the travel industry should handle such cancellations.

Those guidelines have now been released and suggest that in circumstances where a travel service has not yet been cancelled – but travel restrictions mean it may be cancelled in the future – travel operators should advise on the remedies available depending on who cancels the booking.

A consumer cancelling too early could be viewed as a change of mind, so it's very important to check the terms and conditions before deciding whether to cancel yourself or wait until there is greater certainty.

Your best option could be to wait until the travel provider makes a decision, as this may provide a broader range of options.

It is always worthwhile contacting your travel provider to find out what options you have for deferring your trip to a later date. In particular, check what flexibility may exist around using international travel credits for a domestic travel booking.

When it comes to booking future travel, the international travel bans and interstate border restrictions mean this can be a risky prospect.

A safer option currently is intra-state travel, however we would advise booking something within WA as close to the date of travel as possible, given the pandemic continues to present ongoing and evolving challenges.

The guidance can be viewed here: www.accc.gov.au/business/covid-19-coronavirus-information-for-business#information-for-the-travel-industry

If you have a travel complaint, come to us on 1300 30 40 54 or consumer@dmirs.wa.gov.au or alternatively call our Geraldton Office on (08) 9920 9800.

Sea container investments not so water-tight

If you've seen an advert promising big returns on an investment in shipping containers, then our advice is to consider whether it may be a scam or Ponzi scheme.

WA ScamNet is aware of \$800,000 of losses in Western Australia so far to a venture called Pacific Tycoon, which advertises investments in shipping containers and promises returns of up to 20 per cent when they lease it out on your behalf.

The scheme is predicted to be successful because cargo shipment companies regularly have urgent requirements for extra containers and will pay premium prices.

While victims claim they initially do receive dividends, this slowly reduces significantly. Pacific Tycoon continues to encourage further investment before eventually stopping all communication.

Despite us issuing an earlier warning about this venture, victims are still reporting large losses and are unable to contact the company nor take legal action to recover the funds.

All indications point to Pacific Tycoon being a Ponzi scheme – a form of fraud involving a non-existent business that continues before initial investors are given dividends using the start-up money paid by those who join the bogus scheme later on.

When considering all investment 'opportunities', ask yourself:

Is the business registered with the Australian Securities Investment Commissioner (ASIC)?

How long has the company been around?

Have you spoken to a financial adviser about the proposal?

Can you speak to clients who have made money using this method?

If you were to lose money investing in this scheme, can you afford that?

Be aware that if an investment scheme turns out to be a web-based fraud by overseas criminals, authorities in Australia may not have the resources, appropriate international powers or law enforcement connections to find those responsible or trace your money.

For further information about this scam, visit: www.scamnet.wa.gov.au and search 'sea container investment schemes'. If you have lost money in this way, please report it to WA ScamNet on 1300 30 40 54 or consumer@dmirs.wa.gov.au

Three Springs Bombers Nippers

Nippers Game v Carnamah

If there was ever a great day to play footy, it was today!!

Unfortunately we didn't have enough players to field a full side so with a few borrowed players from Carnamah we had our second scratch match for the year. Thank you to the Carnamah kids who came over a pulled on a Bombers jumper.

The improvement from week 1 to week 2 was INCREDIBLE!! Everyone stayed in their positions and did a fantastic job all over the field. We welcomed back Keenan & Helen, who along with the older players of Kade, Riley, Linc & Billie really set the standard of play. Not to be out done, the younger brigade of Harlen, Mason, Jaxon & Charlie & Jeremy took on the much taller & bigger opposition. There was no fear as they tackled kids almost twice their size! Super pleased with the efforts.

Thank you to goal umpire Lyndon & water walker Heidi.

We have a bye next week, then a home game v Morawa on Saturday 8th August.

Cheers

The Nippers Coaching & Management Team

Three Springs Bombers

After a good win last week, over a determined Carnamah-Perenjori we find ourselves half way through the 2020 North Midlands Football season. With a 50% win loss ratio and a bucket load of injuries the win and the bye came at a good time. We have continued train throughout the break but also used the time to assist player recovery.

We look forward to hosting The Morawa Tigers on Saturday the 8th of August at our home ground in Three Springs. With the Tigers fresh after their win over Carnamah-Perenjori and a narrow loss to league leaders Mingenew, I expect a high intensity, quality game.

Bounce down is at 2.30pm and I hope to see you all there wearing red and black passionately supporting your Three Bombers. In a heavily reduced season this represents our last home game before the finals and a great opportunity to come down and support your mighty Three Springs Bombers. The game will be followed by a community, family friendly event where we will celebrate all things Mexican with a variety of traditional foods and refreshments available.

Finally, congratulations to Jacob Traylen-Witt, Wrey Haimona and Lewellyn Sampi for being selected to participate in a North Midlands development squad for talented youth. This is recognition for their performances this year and an exciting opportunity to receive expert coaching and development. Well done boys and don't forget to check out this week's Bombers Player profile featuring Witty.
